<i>The Governor recommends \$20,000,000 onetime from the Federal COVID-19 Relief Fund as part of the Governor's "Building Idaho's Future" plan. This funding is recommended for a summer reading program, which will provide support to students who fell behind in literacy due to the COVID-19 pandemic. In addition, the Governor also recommends reappropriation authority for the reading program; reappropriation requires legislative authority.</i>

The Governor recommends two onetime General Fund cash transfers of \$8,181,700 to the Water Pollution Control Fund (WPCF) and \$1,000,000 to the Agricultural Best Management Practices Fund (Ag BMP Fund). The funding transferred to the WPCF would support 18 proposed public drinking water and wastewater systems in communities that serve fewer than 5,500 people. The department plans to bring forth legislation to create the Agricultural Best Management Practices Fund in the 2021 legislative session. The funding in that fund would focus on nonpoint source projects to improve water quality in waterbodies across the state.

The Governor recommends a cash transfer of \$3,000,000 from the General Fund into the dedicated Parks and Recreation Fund, which is removed as a revenue adjustment below. This also includes an appropriation to the Parks and Recreation Fund of \$3,000,000 which provides the authority to expend the cash that is transferred from the General Fund. The Governor also recommends carryover for any of these projects that are not completed in one fiscal year. The recommended appropriation is to be used for projects including but not limited to:					
\$240,000 for the Sheridan Property Acquisition at Castle Rocks State Park;					
\$250,000 for Idaho Centennial Trail Improvements;					
\$500,000 for Land of Yankee Fork - Bayhorse rehabilitation;					
\$950,000 for replacement of the Bruneau Dunes Observatory; and					
\$700,000 for septic repairs at Massacre Rocks State Park.

The Governor recommends a onetime \$50,000,000 General Fund transfer to the continuously appropriated Water Management Fund. Projects that this funding might address include:					
The Anderson Ranch Reservoir Enlargement Project, which is now estimated to cost a total of \$74,000,000;					
Water supply for the Mountain Home Air Force Base, which is estimated to cost \$28,000,000; or					
Recharge projects in the Upper Snake River Valley that could total up to \$60,000,000.

The Governor recommends a onetime General Fund appropriation of \$35,000,000 to the Rural Community Investment Fund (RCIF) which prior to this year was called the Rural Community Block Grants Program and a onetime transfer of \$1,000,000 to the Opportunity Fund as part of the Building Idaho's Future plan which seeks to further the state's economic rebound and create a long-lasting benefit to all Idahoans.

The RCIF was first established in 2002 with the Rural Initiative Program and provided funds to rural areas in support of economic expansion and job creation. Applicants for the RCIF include cities, counties, and Native American Indian tribal communities with population less than 25,000. This amount for the RCIF, will focus on providing broadband access to rural unserved or underserved households that existed prior to 2020.

The Idaho Opportunity Fund currently has an ongoing appropriation of \$3,000,000 and does not require any additional appropriation because expenditures are not expected to exceed appropriations. The Idaho Opportunity Fund was originally created in the 2006 session of the Idaho Legislature and was called the Business and Jobs Development Fund. In 2013, the Legislature codified this fund in Section 67-4334, Idaho Code, and defined its uses. These funds are made available at the discretion of the director to offset public costs associated with the recruitment of companies to Idaho. As promulgated by rule, these moneys have been used for public infrastructure projects for cities and counties. The current cash balance in the fund is \$4,181,600.

The Governor also recommends reappropriation authority for any unencumbered and unexpended balances of up to \$35,000,000 for Rural Community Block Grants.

Recommended is a onetime General Fund transfer to the Permanent Building Fund and onetime dedicated fund appropriation as part of Governor Little's Building Idaho's Future plan which seeks to further our state's economic rebound and create a long-lasting benefit to all Idahoans.					
Projects funded from the Permanent Building Fund include: \$30,000,000 for critical improvements and economic stimulus projects identified by the Legislature that have a statewide benefit and contribute to building Idaho's future; \$6,400,000 to replace the Bitterroot and Targhee Cottages at the Juvenile Corrections Center-St. Anthony for the Department of Juvenile Corrections; \$13,000,000 to replace the east dorm at the South Idaho Correctional Institution for the Department of Correction; \$10,000,000 to develop supportive housing for Connection and Intervention Station clients at the Department of Correction; \$7,417,500 to replace the dorms at the Youth Challenge academy for the Military Division; \$3,000,000 for the University of Idaho Parma agricultural research campus; and \$3,000,000 to the College of Eastern Idaho's Future Tech facility to expand the college's ability to provide hands-on career technical education to train 1,000 students per year working toward completing two-year degrees; and \$700,000 for two University of Idaho greenhouses to increase seedling production. The Governor also recommends reappropriation authority for any unencumbered and unexpended balance from this FY 2021 supplemental appropriation recommendation.					
LSO Analyst Note: The two cottages recommended for replacement at the Juvenile Corrections Center-St. Anthony are in addition to a third cottage that is recommended for replacement in line item 2, below.

<i>The Governor recommends a onetime General Fund transfer of \$4,500,000 to the Business Information Infrastructure Fund as part of Governor Little's Building Idaho's Future plan which seeks to further our state's economic rebound and create a long-lasting benefit to all Idahoans. This cash transfer will fund two projects for the four-year higher education institutions: \$2,500,000 for an e-procurement system and \$2,000,000 for an enterprise resource planning and assessment system. This will enhance collaboration and coordination across the four-year institutions resulting in increased efficiencies.</i>					
<i>LSO Analyst Note: The Business Information Infrastructure Fund is continuously appropriated, so the State Controller's Office will have the authority to spend any cash transferred without an additional appropriation.</i>
